QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Herbaceous perennial

Growth & Size
Rate: Not stated
Size: 3–4.5 ft (90–135 cm) tall × 3–4 ft (90–120 cm) wide. Upright, vase-shaped, tower-like habit.
Tall flower spikes to 20–22 in

Sun

Water

Soil
Average, well-drained. Tolerates clay, loam, sand, lean to rich, acidic. Deep roots

Zone 8a
Hardy Zones 3–9. Excellent for Atlanta Zone 8a. Drought- and heat-tolerant once established. Prefers full sun and well-drained soil

ORIGIN AND CHARACTERISTICS

Origin
Interspecific hybrid. Parent species native to eastern and midwestern North America

Form
Herbaceous perennial. Upright, vase-shaped, branched. No basal foliage on lower stems. Deep-rooted. Developed at Plant Delights Nursery. Upright architectural form with large flower spikes

Foliage
Trifoliate, blue-green leaves.
Stems start purple, fade to grayish then green

Flowers and fruit
Large lavender-blue to purple-blue flowers in tall upright racemes (up to 20–22 in). Late spring to early summer. Held well above foliage. Attracts bees and butterflies; Dark gray seed pods

Bark
Not woody

PLANTING NOTES

Establishment
Low maintenance. Plant in permanent location. Excellent vertical accent. Suitable for borders, mass plantings, containers. Heat and humidity tolerant

HEALTH

Health
Generally pest- and disease-free. Deer-resistant. Sensitive to juglone (general Baptisia). No serious problems stated

Symptoms
None stated
