QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Hardiness commonly Zones 8–10 (grown as annual or tender perennial in cooler zones). Suitable as a perennial in Atlanta Zone 8a

Growth & Size
Rate: Not stated
Size: Clump-forming ornamental grass, typically 3–5 ft tall and 3–5 ft wide.
Mid-range ~4 ft tall × 4 ft wide

Sun ☼

Water ●●○○○

Soil
Medium moisture, well-drained soils. Tolerates average conditions

Zone 8a
Hardiness commonly Zones 8–10 (grown as annual or tender perennial in cooler zones). Suitable as a perennial in Atlanta Zone 8a

PLANTING NOTES

Establishment
Full sun and well-drained soil. Cut back in late winter or early spring. Can be overwintered indoors in colder climates or treated as annual

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of African napier grass (Pennisetum purpureum). Developed by University of Georgia breeders

Form
Upright to arching clump of intense purple foliage that deepens in color through the season. Grown primarily for foliage; flowering variable and often absent in cooler areas. PP#21464. Dramatic purple foliage accent.
Related to ‘Princess’ and ‘Prince’ series
