QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Deciduous

Growth & Size
Rate: Not stated
Size: 18–36 in (0.45–0.9 m) high × 9–12 in (0.2–0.3 m) wide. Arching, unbranched stems.
Spreads by rhizomes into colonies

Sun

Water

Soil
Medium to moist, well-drained, humus-rich soil. Tolerates dry soil once established and a range of conditions. Low maintenance

Zone 8a
Hardy in USDA Zones 3–8. Suitable for Atlanta Zone 8a. Excellent for shady woodland or border plantings. Yellow fall color. 2013 Perennial Plant of the Year

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of Polygonatum odoratum (fragrant Solomon's seal), native to shaded slopes and woodlands in temperate Europe and Asia. Selected for white-edged variegated foliage

Form
Deciduous rhizomatous perennial with gracefully arching stems. Light green leaves edged with white (variegated). Leaves turn attractive yellow in fall. Pendulous, fragrant, white bell-shaped flowers with green tips in late spring (April–May) from leaf axils. Bluish-black berries sometimes in autumn. Shoots may emerge reddish-pink. Classic shade perennial valued for all-season interest: variegated foliage, fragrant spring flowers, yellow fall color. Superior foliage ornamental. Tolerates heavy shade and a range of moisture levels

Foliage

PLANTING NOTES

Establishment

Plant in shade with moist, well-drained soil. Spreads slowly by rhizomes. Propagate by division in spring (handle brittle shoots carefully). Excellent companion to hostas, ferns, astilbes. Naturalizes well. Fragrant flowers enhance woodland gardens

HEALTH

Health

Low maintenance. No serious problems stated. Deer resistant. Generally pest-free in suitable conditions

Symptoms

None stated
