QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Hardy as perennial in USDA zones 9–11; grown as annual in Zone 8a and cooler. Heat tolerant.
Specific Atlanta note not stated

Growth & Size
Rate: Not stated
Size: About 5–7 in. tall (13–17 cm) and up to 18 in. wide (46 cm) from patent description; general Superbells range 6–12 in. tall by 12–24 in. wide. Compact, mounding to outwardly spreading

Sun

Water

Soil
Average to moderate moisture; well-drained soil or potting mix. Best in containers

Zone 8a
Hardy as perennial in USDA zones 9–11; grown as annual in Zone 8a and cooler. Heat tolerant. Specific Atlanta note not stated

ORIGIN AND CHARACTERISTICS

Origin
Hybrid / garden origin (Superbells series). Patent USPP22942P2

Form
Compact, mounding and outwardly spreading, freely branching, dense bushy habit. Early and freely flowering. Coral red / coralberry flowers with darker (greyed purple or red) centers. No notable fall color or bark (herbaceous annual). Pet-friendly per some notes. Attracts pollinators.
Good garden performance noted in patent

Foliage
Not stated

Flowers and fruit
Not stated

Bark
Not stated

PLANTING NOTES

Establishment
Low maintenance. Fertilize regularly for continuous bloom. No deadheading. Pinch to enhance branching. Best in hanging baskets or containers with good drainage. Propagate by cuttings

HEALTH

Health
No serious problems stated for this cultivar. General Calibrachoa: avoid overwatering (root issues); sensitive to high pH. Possible pests as for genus (aphids etc.)

Symptoms
None stated
