Dense mat- forming

Sun

Water

Soil
Well-drained soils preferred. Tolerates lean soils and urban conditions

Zone 8a
Well suited to Atlanta Zone 8a. Heat and drought tolerant with excellent drainage. Outstanding silver foliage groundcover for dry sites, edges, and rock gardens. Deer and rabbit resistant. Low maintenance. Foliage may look best with good air circulation

PLANTING NOTES

Planting
None stated

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of a species native to the Middle East (Turkey, Armenia, Iran)

Form
Low, spreading groundcover of dense foliage rosettes. Spreads by runners

Foliage
Thick, soft, velvety, silver-gray, woolly, tongue-shaped leaves. Evergreen in warm climates.
Dense foliage mat to about 8 in off the ground

Flowers and fruit
Small lavender to purplish-pink flowers on erect spikes rising to 14–16 in. Late spring to summer.
Often removed by gardeners to emphasize foliage

Bark
Not stated

HEALTH

Health
Generally pest- and disease-free. Deer and rabbit resistant. No serious problems stated. Root rot possible only in poorly drained soils

Symptoms
None stated
