Rate: Not stated
Size: 2–3 ft (0.6–0.9 m) high × 2–3 ft (0.6–0.9 m) wide.
Dense, compact, upright to rounded rate

Sun

Water

Soil
Well-drained garden soil. Salt tolerant

Zone 8a
Hardy in USDA Zones 7–10. Suitable for Atlanta Zone 8a. Good cold-hardiness for the species; excellent for foundation or hedge use

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of Pittosporum tobira (Japanese pittosporum). Introduced by Southern Living Plant Collection. Patent PP16188. Selected for dwarf variegated form and hardiness

Form
Evergreen shrub with dense, glossy, variegated foliage (green with cream-yellow margins). Spring flowers: small cream-white clusters with orange-blossom scent. Compact habit ideal for low hedge, foundation, mass planting, or container. No notable fall color (evergreen). Variegated dwarf form of the species. Orange-blossom scented spring blooms. Year-round foliage interest. Tough and adaptable. Trade name Mojo®
