QUICK FACTS

Plant Type: Evergreen palm

Evergreen or deciduous
Evergreen

Growth & Size
Rate: Moderate to fast
Size: 20–35 ft × 15–20 ft

Sun

Water

Soil
Well-drained preferred; adaptable

Zone 8a
Excellent for Atlanta Zone 8a. Cold-hardy hybrid palm combining traits of both parents. More cold hardy than queen palm. Tropical appearance

PLANTING NOTES

Establishment
Plant in full sun, well-drained soil. Excellent specimen or tropical accent. Faster growth than pindo. Provide space. Protect young plants. Low water once established

ORIGIN AND CHARACTERISTICS

Origin
Garden hybrid (South American parents)

Form
Single trunk, arching crown. Hybrid mule palm. Combines pindo hardiness with queen palm elegance. Sterile.
Variable between specimens

Foliage
Long green pinnate fronds; evergreen

Flowers and fruit
Insignificant; sterile hybrid

Bark
Smooth to persistent bases

HEALTH

Health
Generally healthy. Possible scale. Sterile hybrid (no invasive potential). Non-toxic. Drought and heat tolerant.
Low maintenance

Symptoms
None stated
