QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Evergreen

Growth & Size
Rate: Not stated
Size: 4–6 ft (1.2–1.8 m) high × 4–6 ft (1.2–1.8 m) wide.
Upright, dense, rounded/globose habit.
Moderate to under good conditions

Sun

Water

Soil
Acidic, organically rich, humusy, medium moisture, well-drained but moisture-retentive soil

Zone 8a
Hardy in USDA Zones 5–8 (or 6–10). Suitable for Atlanta Zone 8a. Encore® series reblooms in summer and fall in addition to spring. Dark lavender flowers with red spotting. Compact form for hedges or borders. Attracts hummingbirds and butterflies

ORIGIN AND CHARACTERISTICS

Origin
Bred by Robert Edward Lee (Independence, Louisiana). Seed parent Rhododendron 'Karen'; pollen parent Rhododendron oldhamii 'Fourth of July'. Part of the Encore® Azalea series. U.S. Plant Patent PP10,567. Discovered 1986.
Trade name Autumn Amethyst®

Form
Broadleaf evergreen azalea. Single open funnel-shaped flowers (1¾–2¼ in) dark lavender with red spotting. Blooms spring, with repeat summer and fall. Dense upright habit. Evergreen foliage. Winter interest. Encore® azalea with three-season bloom (spring through fall). Compact dense form. Dark lavender flowers with red spotting. Patented (PP10,567).
Good for smaller spaces. Attracts hummingbirds and butterflies

PLANTING NOTES

Establishment

Plant in part shade with acidic, well-drained, organic soil. Water consistently to establish. Suitable for hedges, borders, or specimens. Reblooming habit extends interest. Minimal pruning to maintain form. Protect from strong winds if needed

HEALTH

Health

Medium maintenance. Generally disease-resistant and tolerant of extreme weather when properly sited. Attracts pollinators. Typical azalea cultural requirements (acid soil, drainage) apply. No serious problems stated as dominant

Symptoms

None stated
