Water

Soil
Average, well-drained soils; tolerates clay

Zone 8a
Hardiness Zones 7–9/10. Evergreen tea olive suitable for Atlanta Zone 8a. Species widely grown in SE US. Cultivar observed in Zone 7a–9b gardens. Explicit Atlanta performance: Suitable; fragrance and form reliable in Zone 8a

PLANTING NOTES

Establishment
Low maintenance. Excellent for fragrance, hedges, specimens, screens. Prune lightly after bloom if needed

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of East Asian Osmanthus fragrans var. aurantiacus. Japanese selection. Not native.
(Juniper Level, Nurseries Caroliniana.)

Form
Evergreen with glossy dark green leathery leaves (larger than typical aurantiacus). Dense habit. Deep orange (not true red) highly fragrant flowers in autumn; larger blooms than standard. No significant fall color (evergreen). Intensely fragrant (apricot/peach). Flowers deeper orange and larger than typical. Name means “red flowering osmanthus” in Japanese.
(Juniper Level, Nurseries Caroliniana.)
