Zone 8a
Excellent for Atlanta Zone 8a. Heat and humidity tolerant. Performs well in bright woodland or sunny borders. Outstanding hummingbird plant. Low maintenance.
Best established before winter

PLANTING NOTES

Planting
None stated

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of a species native to the southeastern United States

Form
Upright, clump-forming perennial with sturdy stems. More compact and floriferous than the species

Foliage
Glossy green, ovate to lance-shaped leaves to about 4 in long

Flowers and fruit
Upright-facing, trumpet-shaped, bright red (scarlet) tubular flowers with yellow interiors that flare into a five-pointed star. Mid-June to July (main bloom), with possible sporadic rebloom. Highly attractive to hummingbirds. Good cut flower

Bark
Not stated

HEALTH

Health
Generally pest- and disease-free. Deer resistant.
No serious problems stated

Symptoms
None stated
