Rate: Not stated
Size: 2–3 ft tall × 3–4 ft wide (mid-range of reported figures).
Compact, dense, low- mounded h

Sun

Water

Soil
Average, medium, well-drained soil; tolerates a range of textures and pH (acid to neutral)

Zone 8a
Hardy USDA zones 6–9. Evergreen to semi-evergreen in warmer winters (Zones 7–9). Developed and evaluated in Georgia (Center for Applied Nursery Research, Dearing).
Suitable for Atlanta Zone 8a

PLANTING NOTES

Establishment
Low maintenance. Blooms on new wood; prune in late winter to early spring if needed. Shape to size

ORIGIN AND CHARACTERISTICS

Origin
Hybrid of garden origin (open-pollinated seedling of Abelia chinensis, selected in Georgia). Not native

Form
Compact, dense, low-mounding multi-stemmed shrub. Glossy button-like dark green leaves; new growth with pink tint; soft purple-green in winter/fall. Red stems. Tubular fragrant white flowers with rosy persistent sepals, late spring to fall. No notable bark stated. Attracts hummingbirds and butterflies. Named after Rose Creek in Oconee County, Georgia. Suitable for foundation, borders, hedges, slopes, containers
