QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Evergreen

Growth & Size
Rate: Not stated
Size: 4–6 ft (1.2–1.8 m) high × 3–6 ft (0.9–1.8 m) wide.
Upright to dense rounded form.
Moderate to

Sun

Water

Soil
Acidic, organically rich, well-drained, moisture-retentive soil.
Protect from strong winds

Zone 8a
Hardy in USDA Zones 6–9 (or 6a–9b). Suitable for Atlanta Zone 8a. Encore® reblooming azalea with large vibrant sangria-pink / magenta-pink flowers. Spring bloom plus summer and fall flushes. Heat tolerant. Attracts butterflies and hummingbirds

ORIGIN AND CHARACTERISTICS

Origin
Encore® Azalea series. Bred for extended bloom (spring + summer/fall). Patent PP#15077. Related to other Roblee/Roblec Encore selections. Cultivated hybrid of Kurume and Southern Indica lines with R. oldhamii influence

Form
Broadleaf evergreen Encore® azalea. Large (to ~3.5 in) semi-double or vibrant pink/magenta flowers. Dense rounded to upright habit. Glossy green foliage. Reblooms spring through fall. Winter interest from evergreen leaves. Encore® reblooming azalea (Autumn Sangria®). Large vibrant pink flowers over multiple seasons. Compact to intermediate size. Patented. Good for Atlanta heat with proper siting. Attracts pollinators

PLANTING NOTES

Establishment

Plant in part sun to part shade with acidic, organic, well-drained soil. Water to establish. Suitable for hedges, foundation plantings, or mass plantings. Reblooming extends interest. Minimal pruning. Protect from walnut family drip lines and strong winds

HEALTH

Health

Low to medium maintenance. Disease resistant when properly sited. Attracts pollinators. Typical azalea requirements (acid soil, drainage). No serious problems stated as dominant

Symptoms

None stated
