QUICK FACTS

Plant Type: Not stated

Evergreen or deciduous
Deciduous

Growth & Size
Rate: Not stated
Size: Dwarf, 1–2 ft tall and wide. Compact, broadly rounded, mounding, bushy to spreading habit. rate. [Missouri Botanical Garden; Proven Winners; Spring Meadow Nursery; RHS]

Sun

Water

Soil
Average to moist, well-drained soils; tolerates occasionally wet soils. Prefers acidic conditions.
[Proven Winners; Missouri Botanical Garden; Gardenia]

Zone 8a
Hardy USDA Zones 3–8. Fully suitable for Atlanta Zone 8a. Native parent range extends south to Georgia. [Missouri Botanical Garden; Proven Winners; Oregon State University (species)]

ORIGIN AND CHARACTERISTICS

Origin
Cultivar of Viburnum cassinoides (native to eastern North America, Newfoundland to Georgia). Bred by Timothy D. Wood (Spring Meadow Nursery) from open-pollinated cross of unnamed V. cassinoides stock; selected 2007 for compact habit. Trade name Lil' Ditty. USPP 27,549. [Canadian Food Inspection Agency; Proven Winners; Missouri Botanical Garden]

Form
Deciduous. Elliptic to ovate leaves, glossy, emerge bronze-tinted, mature dark green, turn attractive orange-red to red-purple in fall. Compact mounding form. [Missouri Botanical Garden; Proven Winners; Gardenia]. One of the few true dwarf viburnums. Native parent. Patent protected. Fruit may be limited without a pollinator. Invasive status: not invasive (native parent). [Proven Winners; Canadian Food Inspection Agency]
