QUICK FACTS

Plant type
Tree

Evergreen or deciduous
Deciduous shrub. Very dense, compact, mounded. Rhizomatous spreader

Growth & Size
Rate: Not stated
Size: Dense, compact, upright to mounded habit. Young plants ~60 cm (2 ft) tall × 90–120 cm (3–4 ft) wide. Spreads by rhizomes; ultimate width can exceed 120 cm. Suitable as low mass planting or groundcover ~60 cm or less.<grok type ="render_inline_citation" citation_id="839" />

Soil
Well-drained preferred. Tolerates sand, clay, alkaline, road salt. Prefers slightly acidic, organic-rich. Wide adaptability

Sun

Water

Zone 8a
Hardy Zones 3–8 (or 9). Suitable for Atlanta Zone 8a. Heat and drought tolerant once established. Good fall color and wildlife value

Native
Cultivar of *Aronia melanocarpa*, native to eastern North America. University of Connecticut breeding program release.<grok type="render_inline_citation" citation_id="839" />

ORIGIN AND CHARACTERISTICS

Origin
Not stated

Form
Deciduous shrub. Very dense, compact, mounded. Rhizomatous spreader
